

BOYS & GIRLS CLUB
OF BURBANK AND
GREATER EAST VALLEY

THE SKY IS THE LIMIT

2017-2018 ANNUAL REPORT

YOU CHANGE LIVES

Once again another year has just flown by at record speed. I am pleased to say this past year has been extraordinary in so many ways. This past September, we publically launched our Capital Campaign during an event, behind Providencia Elementary School, where our new Main Clubhouse will be built. In partnership with the Burbank Unified School District and with a \$1 million gift from the Walt Disney Company, we are officially on our way to building a new, state of the art 16,000 square foot facility. And, though, this project will take at least three years to complete, it doesn't diminish the excitement we feel about building our very much needed new home. Speaking of partnerships, we have recently been working with Atlantic Aviation, Wet Design, Whole Foods, Granite Properties, GlamGlow, S. Callan Advertising and West Coast Customs. Each of these remarkable businesses have expressed interest in the work we do. Our teen members have learned about these diverse organizations through company tours, our dance and vocal members have performed for them and many of their team members have done volunteer work at the Main Club.

It is so rewarding to see teams of volunteers from various organizations, including NBC/Universal, Warner Bros., Entertainment Inc., Hasbro and even the Netflix cooking show Nailed It, come to the Club and interact with the members. Whether it's shooting hoops on the basketball court, making gingerbread houses or playing board games it's incredibly hard to tell who is having the most fun, members or volunteers! What is clear is that our members love meeting the volunteers and spending time with them.

This year also marked an exceptional number of new businesses getting involved in the Club through Cause Marketing efforts. From Macy's & Westfield Mall, to Lowe's, to Dunkin Donuts, and Ross, Dress for Less, and also Buffalo Wild Wings and Barnes and Noble, we have teamed up with our local stores in a number of creative, fun-filled fund raisers that have supported a variety of our programs. We are delighted to welcome them all to our ever growing list of dedicated supporters. I am always humbled by the generosity of our business community. Helping every one of our members reach their full potential is our mission, which we could not achieve without the unwavering support and dedication of each and every organization we consider not just partners but friends. (see our partners page).

This past year our Club has seen tremendous growth, more members served, new programs developed, and more location sites added. We now have 21 location sites. Our newest partnership is with the Burbank Housing Corporation. The Boys & Girls Club at Elmwood opened their doors in early November and we've already welcomed more than twenty new members to our Boys & Girls family. It is a joy to work with Judith Arandes and her exceptional team. There have been many new challenges and with every one that has come our way, I've watched the exceptional staff of the Club step right up to meet that challenge. It's been inspiring to see. I'm always proud of the way our dedicated team represents our Club but this year especially, they've taken it up a notch. So, as we say goodbye to 2018 and look forward to 2019, allow me to say thank you to all of you who make each year so fulfilling. You change lives. You make a difference. Never forget that.

2017-1018

HIGHLIGHTS

At the Boys & Girls Club, we see the potential in every child and teen, and are here to help them fulfill their potential and become who they are meant to be.

ANDREA

Andrea has been a Club member for the past two years. When she first joined the Club, Andrea was shy and quirky and just wanted to draw all the time. To look at her today, you would never know she was ever closed off and distant. She's an active participant in the acting and art programs and has totally come out of her shell. She loves being at the Club because she's discovered there are other young girls who are just like her, into art and acting and she doesn't feel so alone. The Club is her sanctuary.

ADRIAN

A proud middle school student at John Muir, Adrian loves the Club. He's been a member for four years. When asked why he would recommend someone to join the Club, he says, "because it's a lot of fun, you can meet lots of new friends and you can play a variety of sports." When he's not kicking a soccer ball, you can find Adrian in the tech lab, using the computers to do his homework. He thinks being at the Club has made him a better student. Even at 12, he's planning his future, he wants to be an architect. It's never too early to plan for a great future.

ABBY

Abby's been coming to the Main Club since elementary school and now's she's a student at Burbank High School! Abby is deaf and enjoys the benefit of being part of the Club's D/HH (Deaf and Hard of Hearing) program. The program has been instrumental in helping her socialize and increase her communication skills. As her comfort level at the Club has improved over the years, so has her ability to interact more with her peers. She loves basketball and will on occasion go out there and play, though she admits she's more of a spectator. We love seeing Abby's smile every day and the only time she frowns is when her mom comes early to pick her up!

FINANCIALS

On behalf of the children who are the heart and soul of our organization,
THANK YOU. We couldn't do it without you.
