Kindness Rocks Project

With everything going on in the world today, we thought it would be a good idea to start the Kindness Rocks Project. The idea is simple. We have our club members paint and create positive messages to put on each rock. We then leave these affirmations at the entrance of our club for anyone to take. The Kindness Rocks Project shows how important it is to spread kindness in the world, and how our members hope their rocks will make someone's day a little bit better!

Thank you Safeway

This week Safeway in partnership with Boys & Girls Club of America, made a generous donation to the club for our continued operation and service to the local community. We would like to sincerely thank Safeway for their generosity and for answering the call to support our youth and community.

For other general questions or assistance, please call the Application Call Center at (818) 238-5180, Monday – Friday, from 8 a.m. – 5 p.m., and someone will be able to assist you.

Growing Green Thumbs in the Garden Club!

Thanks to Whole Foods in Burbank and our Whole Kids Grant, Club members are taking advantage of the summer sun and getting into the dirt at Main Club and Edison with their Garden Clubs. Through Garden Club, members are receiving a hands-on learning experience that teaches them to feel connected to their food and be more curious about how things grow or taste. From planting to harvesting, our members are gaining the skills necessary to make a garden grow.

Full "STEM" Ahead with Summer Learning!

Our Summer Day Program is geared to create a fun and educational environment to keep our members engaged and challenged throughout the summer. Our STEM program is a curriculum based on the idea of educating members in four specific disciplines — science, technology, engineering and mathematics. STEM integrates the four disciplines into a cohesive learning paradigm based on real-world applications. Check out some of the STEM projects our sties took on this week!!!

Youths of the Week

It's that time again to recognize last week's Youth of the Week for their ability to follow rules, participate in daily activities, and demonstrate leadership within their pods. Our Youth of the Week winners are members that exemplify the club motto to "respect yourself, respect the club, and respect others". Congratulations to Jessica, Cynthia, Andrew, Leah and Reece from Main Club, Zachary from Bret Harte and Josie from Edison.
